The FAA Runway Safety Program has been very successful at reducing accidents and runway incursions around the country. This program will review the best safety practices found at airports, compiled by the Central Region Runway Safety Action Team. The information provided is applicable to all pilots, from the newest light sport student to the most seasoned air carrier captain.

Directions: Skyline Aeronautics hangar

Message from the National Safety Program Manager:

The FAA, AMT's, Pilots and Safety all come together at faasafety.gov!
